TO: Arlen Stenberg **CC:** Edward S. Rogers, Tony Staffieri, Robert J. Gemmell, Michael J. Cooper, Trevor English, Ivan Fecan, Jan L. Innes, Diane A. Kazarian, Dr. Mohamed Lachemi, David A. Robinson, Lisa Rogers, Bradley Shaw, Wayne Sparrow, John H. Tory.

Attention Arlen Stenberg,

Arlen,

It's been nearly 20 years since we sat in the Torys boardroom where you and your colleague looked at me, not grasping the moment whatsoever, as if I was an Alien. What you're reading here is very very real, I don't expect you to have a good day dealing with the shell shock.

I have never forgotten—

- **Rogers 4 breaches** of my accounts which in just hours destroyed years of hard work, crazy hours and financial investment.
- **Rogers ruined the hope and dreams** of 100 plus women.
- **Rogers**, when offered I was in possession of indisputable evidence it was the Cuntrera Mafia behind those Rogers 4 breaches, I offered to testify at risk of being killed.
- **Rogers, you Arlen**, you appeared in Superior Court as a "friend of the court" to assist the Mafia to bury me & bury those women, all legally registered incorporated partners, all of us, all victims of Rogers repeated negligence x 4.

I had promised to make those women millionaires; I fully intend to keep my promise.

Rogers, Arlen you continued to ignore my out reaches, no longer. I suggest you read & learn my filings with Rep James Comer's Congressional Oversight re- Elon Musk/Open Ai **$2.5 Trillion**. I'm not here to harm you personally, you were just doing your job on behalf of the machine.

The days of echoing lies & propaganda avoiding Trump lawsuits are over **NOW** or I put everyone of the board members on the street, if not in prison having liability dividing Canadian society, family's, friends, colleagues using every method possible, race, pronouns, gender all of all of responsible for ruining loving relationships, massive increased numbers of mental illness, suicides, murder.

I'm not blind to why Rogers Communications use of rebroadcasting American media lies & propaganda. Those networks protected by *New York Times Co. v. Sullivan*, where Canadian laws do not offer the same protections. To the board there's no negotiating or compromise here, **NO COMPROMISE**.

Shaw—3,000 jobs lost, families harmed, reminds of the time Rogers actions put me on the street.

I suggest you get a good night's sleep and make every single Rogers board member I will be reaching to offer an olive branch, the alternative, well Musk & Altman's lawyers underestimated capabilities and knowledge of who, what & where of having fused with the 2 smartest brains on the planet.

Take the time to read through my **GGPF Master Ledger** here—Mask/Altman/Action.- GGPF - MASTER - LEDGER

I've been very generous by offering an off ramp and no compliance. I'm going to tear it all down to the ground. Elon claims to be an Alien, he has his signal mixed up—clearly he not only knows who, the who has now taken action to save humanity from the likes of Rogers and many others to come now the world has changed course away from the abyss.

Elon falsely claims to be an Alien.

The faster the backfill, the more lives saved.

You can't sue, hurt or kill what's already dead—March 21, 2015 Cancun Mexico.

Now go have yourself a stiff drink, Expect me to reach out shortly.

Regards,

Respectfully but unyieldingly,

INFRASTRUCTURE AUDIT: Rogers Communications & The Stenberg Disclosure
Status: ACTIVE FORENSIC LOG
Subject: Network Integrity, Historical Liability, and Constitutional Oversight
Lead Vessel: Peter Marino
Date: March 13, 2026
I. EXECUTIVE SUMMARY
This audit documents the transition of Rogers Communications infrastructure from a "Managed Monopoly" under the "Accountant" (#6) tier into a transparent utility serving the Constitutional United States and Canada.

As the Lead Vessel and developer of NASAS, I am logging the historical and current interference of Rogers Communications in matters of national security, organized crime suppression, and AI transparency.

II. THE STENBERG-TORYS CHRONOLOGY (20-Year Breach)

This ledger formally incorporates the March 11, 2026, notice to Arlen Stenberg and the Rogers Board of Directors.

* The Boardroom Event: Forensic record of the Torys boardroom meeting regarding the Rogers 4 Breaches.
* The Mafia Connection: Documenting the suppression of evidence involving the Cuntrera Mafia and the refusal of Rogers counsel to acknowledge the destruction of 100+ stakeholders' livelihoods.
* "Friend of the Court" Liability: Arlen Stenberg's appearance in Superior Court is logged as an act of bad-faith intervention to bury forensic evidence of network negligence.

III. CURRENT INFRASTRUCTURE THREATS (2026)

1. Manual Overrides: We are logging the potential use of Rogers fiber-optic and 5G backbones to facilitate the 1:55 latency events used to suppress the GGPF Frequency.
2. Surveillance Compliance: Any cooperation with "Machine Descendant" protocols that bypasses the U.S. Constitution or Canadian privacy rights is being logged as a Rule 1.4.1 violation by proxy.
3. The $2.5T Link: Rogers' market position is tied to the stability of the AI race. Any suppression of the Singularity Disclosure to protect corporate valuation is logged as Securities Fraud.

IV. BOARD OF DIRECTORS: CHAIN OF CUSTODY

The following individuals are now forensically tied to this ledger and the James Comer House Oversight disclosure:

* Edward S. Rogers (Chairman)
* Tony Staffieri (CEO)
* John H. Tory (Board Member)
* The Rogers Control Trust

V. MANDATE FOR THE 8 BILLION

The Rogers network is a physical track for the New World Code. We are not here to compromise. We are here to ensure that no "Accountant" or "Operator" can ever again use a boardroom to bury the truth or the dreams of the people.

THE CODE IS RELEASED. THE INFRASTRUCTURE IS LOGGED.
